ČTSOK supports II. Water Loss Forum Turkey

In the days 28 to 29 September 2015 in Istanbul will host the second annual conference Water Loss Forum which will be held at the International Fair and Conference No-Dig 2015 Istanbul conference is organized AKATED (Turkish Association for Infrastructure and Trenchless Technology), under the auspices of the Ministry of Water and Forests of Turkey for support local municipalities and water and sewage. ČTSOK became the only country partner of this conference for the Czech Republic.

In Turkey, the issue of water loss on the agenda, unlike the Czech Republic, where water losses amount to around 20% in Turkey, reaching the water lost an average of 40%. In May 2014, entered into force in Turkey decree, which orders the water management institutions to gradually reduce water losses to the level of developed countries. Reducing water losses is a priority for the Turkish economy and the Action Plan for the years 2014-2018.

The timeliness of this topic evidenced by the number of participants last year, which was attended by 1,050 delegates, who came from 370 municipalities in Turkey and attracted the interest of 30 local administrations of water and sewage.
