## **New member Chamber: Ekol Logistics spol. s ro**

Turkey's leading 3PL company - **EKOL Logistics** - enters the Czech Republic in the logistics sector and carried out its first investment in this country. The Czech branch of the company Ekol Logistics spol. s ro became a new member of our Chamber. Czech Republic is the 13th country where the company established its own subsidiary.

**Ekol Czech Republic** opens its first branch in late June 2016 in the Prague region and achieve operational and business readiness in the summer. The next step is to open a branch in Brno, which is planned over the next year. Ekol plans not only development in the Czech Republic, but also in the region. In 2017, Ekol Logistics opened his own company and the Slovak Republic.

**More about the company's entry into the Czech Republic Ekol**
